Elite Horse & Select Prospect Sale

IN A YEAR THAT HAS THROWN US MANY TWISTS AND TURNS, THE ONE THING WE CAN STILL COUNT ON IS GREAT HORSEWOMEN MAKING GREAT HORSES!

We are incredibly proud of this set of horses. This year we structured it a little differently in breaking up the Elite Sale Horse and the Select Prospects. The ONLY difference in the horses is that the Elite Sale Horses are older with a certain level of experience while the Select Prospects are made up of three- and four-year-olds that can go in any direction. All horses being offered have real life experience and are safe for a variety of riders.

We spent a lot of time going through horses to narrow it down for this small sale. What we wanted for the Elite Sale is experienced horses that could truly fit any level of rider. All of these horses have either show or ranch experience, or both! There are high-number rope horses, title-winning reined cowhorses, World Show qualifiers and point-and money-earners. Most importantly, years of time and effort are put into these horses by some of the most talented horse-women in the country.

Art of the Cowgirl wants to show our appreciation and gratitude to all of our consignors and their families. We have many repeat consignors that we are so grateful to have developed such special relationships with over the past years and new faces that we feel truly honored to have put their trust in our event and this sale.

Thank you to the entire Art of the Cowgirl crew: Jaimie and Sierra, none of this would be possible without the countless hours you both put into this. Keeping up with the Pate's and our crazy ideas is something worthy of a medal! You are our family and we could never thank you enough. Amber, this sale is impossible without you. Nobody knows the countless hours our sale secretary puts in and we are so lucky to have someone with such a broad experience in the western industry. A huge thank you to everyone at the Grant Company: Eric, Bart, Heather, Jamie, Jena, Derrick and Christy, you have been such a blessing to us! Heather and Bart, your work on making our sale catalog a work of art is second to none. To our sale crew, thank you for not only working hard to bring a premium on these amazing horses, but for your integrity and the amazing energy you bring to the sale!

A special thank you goes out to Curt. Your honesty, integrity and how you treat people has inspired us and made Art of the Cowgirl what it is. You raised a horse-crazy little girl and made her a horsewoman and helped mold an artistic woman with a passion for the cowboy lifestyle into a business woman. You have been the backbone of this event from the very beginning.

We hope you enjoy this sale and the entire Art of the Cowgirl 2021 in the beautiful Big Sky State!

Consigned by
Abigail Brogger

Dolly is a strong and a beautiful mover. She is an all-around mare and excels in ranch versatility. She was shown on the Texas Tech Ranch team for two and a half years and has won multiple all-around titles and in 2019 was on the Stock Horse of Texas Collegiate World championship team. She is competitive in the Limited and Non-pro divisions but would also excel for a novice rider. She is solid and always honest in all three events as well as trail and pleasure. She is a horse that meets the rider at their level and never gives more than the rider can handle. She is great outside as well. Enjoy her now and breed her later!

Marcus"" is a nice, big, stout gelding with big feet and good bone. He has been used extensively for all aspects of ranch work and has been rode in the roughest, steepest country you can find and always knows where to put his feet. He has been roped on, sorted cattle, and has dragged many calves to the fire. He is a straight-up bridle horse, but handles well even in a halter. He has been to some of the biggest ranch ropings in the country and has been shown in several AQHA Ranch Riding classes. He has complete control of his body - changes leads, spins, stops, backs, and has good lateral movement. He is the go-to horse for any job or rider!

Pumba has done extensive ranch work. He will cut a cow, drag a calf to the fire or doctor one outside. He is great out on the trails very sure footed and nothing bothers him.
If you are looking for the full deal here he is and he is only 6 years old and has a lifetime ahead of him. Up to date on teeth, farrier and worming.

Breakaway ropers, check this one out for sure. He can run and stop hard and is super gentle on the ground. Titann will work a rope, and we've used him extensively on the ranch gathering, dragging calves, sorting, and doctoring yearlings. He's currently qualified for the Ranch Horse of America Association (RHAA) finals coming up in May. He's started out of the box, breakaway and heeling. We purchased Titann as a long yearling and are proud of the riding horse he's become.

The horses in our program start out being used on the ranch seeing anything and everything a 5,000 head operation can offer one, gaining a work ethic and a seasoned mind before entering the arena. Once they have proven to be worthy on the ranch we take them to the arena. Monty has shown his ability in and out of the arena! She is correct from every angle with good feet and clean legs. She has been on the flag for about 4 months and was started on cattle this February. She has style and carries herself nicely loping circles. She's been working on the flag and started on the roping sled. I used her all last fall to process cattle and gather strays. She will be used for spring calving and branding by sale time and will be started out of the box. Just a great little all-around mare you could take to town for some versatility classes or use at home for any number of jobs. Would be a great breakaway prospect for the right gal to take on. Mike D is one we raised. He is out of one of my favorite mares. I spent most of branding season on Mike D. He has a lot of cow, is a really pretty mover and catches everyone's eye. He has been used extensively and is ready to start a career going in any direction!

Muffin is one of the smartest and most fun colts I've had the pleasure of riding. He has a very willing attitude that has allowed me to do numerous jobs on him at such a young age. I've used him to doctor sick calves in the feedlot and pasture, gathered cows on him, and will be used the next months until the sale to brand and turn calves out. This colt has a great foundation put on him and will be a great prospect for any job ahead of him.

EXPECT BOTH FROM GRANT COMPANY.

Great stories are all around us. They exist among the faces of children and the laughter of friends. They start at first light or in the dusk of the day's work.

But the best stories are real stories, in their purest forms. They connect us.

Grant Company is here to tell those stories. We're a communications and marketing company, a media firm and a publisher. We travel the country on behalf of our clients, capturing words, images and footage that take shape in video, magazines, advertisements and marketing materials.

We're driven by the pioneer spirit and stories that resonate. Let Grant Company capture them.

"Iris" is sweet, well minded, has a forgiving soul and tries so hard for you. She was going to be my next roman riding and trick riding horse but I decided someone else might need Iris to get them to where they want to be as a cowgirl. Iris is a great representation of who I am as a cowgirl and the horses I want to produce! We have used on the ranch by all levels of riders. Ride through mud, rivers, bush, bareback and down the trail on a loose rein! Nothing phases her and she is confident to ride alone. Iris is always ready to chase cows, go over jumps, brand calves, rope drive as a team or trail ride and is finished team roping on the heel side.

Rosie is a three year old mare that has been easy since day one! She has never offered to buck and is willing to go any direction you want. A nice free mover and quick with her feet. Lots of outside riding with sorting pairs and making circles. She has roped and heeled the smarty in the arena and has the mind and trainability to go into any discipline that you choose.

This gorgeous palomino gelding is young, but he is an old soul. Absolutely anyone can ride him. He is super safe and sane. We have done just about everything on him, and he always says yes without any fuss. Kix is a NRCHA money earner in the Open division. He could easily be shown by a youth or non pro though. It is hard to find one as talented yet as gentle as he. You can ride him straight up in the bridle or completely bridleless. He is the brokest horse we have ever owned. He will plus all of his reining maneuvers. He has good turnarounds, is an easy lead changer, and his stops are huge! Kix is very cowy and you better be ready if you take one down the fence because he has the best fence turns. This gelding isn't just a show pony!

Sweet Iron Snooks

6/4/18 • Male • Border Collie

Consigned by

Sonya Blomberg

"Snooks" is 3 year old Sweet Iron Ranch bred smooth coat Border Collie Male. He's a very strong dog with a lot of bite when needed, works yearling and pairs. He comes from a long line of working dogs and is really personable!
Terry and Sonya Blomberg have a proven breeding program that they've built over the last 25 years. It started with the McCallum line.

About the Consignor

Sonya is no stranger to good performance horses and great working cow dogs. Growing up in California's Salinas Valley, Sonya has deep roots in the ranching industry. She and her husband, Terry, managed the horse division at the historic Tejon Ranch in Lebec, Calif., for more than 12 years.
Sonya and Terry now reside in Long Branch, Texas, where they run Sim Angus and Beefmaster cattle, and breed and train cattle dogs, predominantly Border Collies, for themselves and others.

Sonya has always been handy and had a passion for good working dogs. She's been working on her own bloodline of dogs with just the right amount of eye appeal, grit, speed and the ability to be in the right place at the right time.
Although it may be unlikely to have a dog in the right place every time, Sonya's are sure the ones you'd want around in tough situations, and they usually get the job done no matter how trying the situation.
